

that that is the precedent of the State of Nebraska by which other things will be judged, I felt the prudent thing to do would be to offer this amendment at this time. So it's...and I agree 100 percent with what Senator Chambers indicated about we have to wrestle with this issue and take a stand and that's why I am recommending to the Executive Board that we do, in fact, delve more deeply into this issue. We do have a number of these boards floating around out there, boundary commissions which some of the senators are sitting on, other commissions in other areas where I think we need to take a look at whether or not that we want to continue that and if we can continue that, how can we? But, at this point, this late in the session not wanting to jeopardize this bill, which I think is important, discretion being the better part of valor here, I am suggesting that we adopt this amendment and rereturn the bill.

SPEAKER BAACK: Thank you, Senator Withem. You've heard the closing on the amendment. We will now vote on the amendment. All those in favor vote aye, opposed vote no. Record, Mr. Clerk.

CLERK: 29 ayes, 0 nays, Mr. President, on adoption of the Select File amendment.

SPEAKER BAACK: The amendment is adopted. We need...Senator Lindsay, would you move to readvance the bill?

SENATOR LINDSAY: Mr. Speaker, I move that LB 245 be advanced to E & R Final.

SPEAKER BAACK: You've heard the motion to advance LB 245. All those in favor say aye. Opposed no. It is advanced. I would ask for the indulgence of the body if we might deal with one more bill before we do recess for lunch. We want to deal with LB 366.

CLERK: Mr. President, Senator Rogers would move to return the bill for specific amendment. Senator, the first amendment I have from you is AM3837. Do you have a preference? I don't care which order you take them up.

SENATOR ROGERS: I got 3836.

CLERK: Okay.
